WPTA District/SIG	19
WPTA Conference	28
External Live	263
TOTAL	370
Number Audited	15
	4.1%

During the calendar year 2013 the WPTA processed 370 applications for continuing education programs. 61 were online courses. One online ethics course was not approved by WPTA. Five (5) live course applications were not approved as they failed to meet criteria for approval.

Fifteen (15) courses were randomly audited using the following criteria:

The evaluation assessed the extent to which objectives were met, the presenter demonstrated knowledge of the material and the course material presented was at or above entry-level.

Audit consequences: If more than 30% of the course participants disagree or strongly disagree with any of the three audit criteria, the presenter will not be approved for subsequent presentations of the course until the problematic criterion or criteria have been addressed.

All courses audited met the criteria above.

Trends – more course sponsors are taking advantage of the renewal option that WPTA began offering this year.

STATEMENT OF SCOPE

Physical Therapy Examining Board

Rule No.: 165- PT 1, 2, 3, 8

Relating to: Temporary reentry licensure

Rule Type: Permanent

1. Finding/nature of emergency (Emergency Rule only):

None.

2. Detailed description of the objective of the proposed rule:

The proposed rule seeks to redefine key terms found in ch. PT 1, 2, 3, and 8 that are vague and ambiguous and replace those terms with more specific wording that clearly illustrate the Physical Therapy Examining Board's intent with regards to license renewal and reentry to practice. The proposed rule will also amend ch. PT 1.04 to reflect a change made by the passage of 2013 Wisconsin Act 114.

3. Description of the existing policies relevant to the rule, new policies proposed to be included in the rule, and an analysis of policy alternatives:

The Physical Therapy Examining Board (Board) reviewed its rules and determined that certain terms, as they are currently defined in the administrative code, are ambiguous and need clarification. The Board identified the following key terms for revision: candidate for reentry, clinical practice, and temporary reentry license. The term "candidate for reentry", as defined in ch. PT 1.02 (2), is directed towards persons who have not practiced 3 years prior to application for or renewal of their license. The proposed rule will amend the term to capture licensees who have allowed their license to lapse for 5 years or more. The proposed rule will remove the term "clinical practice" wherever it is found throughout the physical therapy chapter and replace it with the term "active practice" to clarify the Board's intention to signify current active practice as opposed to a license that has lapsed.

The temporary reentry license found in ch. PT 3.02 will be revised to clearly identify the person targeted by the rule are those who have not actively practiced and in the last 5 years before application are seeking re-entry into the physical therapy profession. This will be accomplished by including the term "candidate for reentry" in the introduction. The proposed rule will also remove a vague provision in the current rule requiring candidates for reentry to prove their competence by undergoing a vocational evaluation. Similar changes will occur in ch. PT 2 and 8.

Lastly, the proposed rule will remove the requirement found in ch. PT 1.04 that requires applicants for a physical therapy credential to submit to the board, no less than 30 days prior to the date of examination, their completed application. The completed application includes verified documentary evidence of graduation from a school of physical therapy. 2013 Wisconsin Act 114 mandates that the Department of Safety and Professional Services and its attached boards must refrain from requiring the completion of postsecondary education before the person is eligible to take an examination for any credential. By requiring the completed application include the verified documentary evidence of graduation from a school of physical therapy the Board is in fact requiring applicants to complete their postsecondary education as a condition of taking the exam. This requirement must be removed in keeping with Act 114.

4. Detailed explanation of statutory authority for the rule (including the statutory citation and language:

Section 15.08 (5) (b), Stats., provides that examining boards, “[s]hall promulgate rules for its own guidance and for the guidance of the trade or profession to which it pertains, and define and enforce professional conduct and unethical practices not inconsistent with the law relating to the particular trade or profession.” These proposed rules will provide guidance within the physical therapy profession by clarifying unclear terms regarding license renewal and reentry to practice.

Section 227.11 (2) (a), Stats., provides that “[e]ach agency may promulgate rules interpreting the provisions of any statute enforced or administered by the agency, if the agency considers it necessary to effectuate the purpose of the statute, but a rule is not valid if the rule exceeds the bounds of correct interpretation.”

Section 448.53 (2), Stats., the examining board may promulgate rules providing for various classes of temporary licenses to practice physical therapy. This proposed rule amends the temporary reentry license.

5. Estimate of amount of time that state employees will spend developing the rule and of other resources necessary to develop the rule:

State employees will spend approximately 50 hours developing the proposed rule.

6. List with description of all entities that may be affected by the proposed rule:

Licensed physical therapists and physical therapist assistants renewing their license as well as in-state and out-of- state applicants seeking licensure in Wisconsin for the first time will be impacted by the proposed rule.

7. Summary and preliminary comparison with any existing or proposed federal regulation that is intended to address the activities to be regulated by the proposed rule:

No comparable proposed or current federal regulations dealing with the subject of the proposed rules exist.

8. Anticipated economic impact of implementing the rule (note if the rule is likely to have a significant economic impact on small businesses:

This rule is not likely to have a significant impact on small business.
